Green Campus initiatives

the world faces serious threats due to climate changes and enrollment pollution. The main aim of green policy is to create clean and green campus where environmental friendly practices and education combine to promote sustainability in the campus. It provides opportunities for student to study campus and a local environment and problems to reduce campus waste and minimise energy efficiency and deal with land use.

Objectives

- To increase environment t awareness among the faculty and students.
- To protect environment and its natural resources for both present and future generation.
- To ban plastic in the campus.
- To create awareness about Global Warming and encourage the use of bicycles and public transportation system.

Water Conservation

Rain water harvesting.

Rainwater is collected from our roof like surface and redirected to tank and pond. It should be used for future usage. This system is to reduce dependent of water and other source of water and create awareness among the students about the importance of water conservation. As it's water is not used for drinking, cooking, and the other senssitive uses, the water is used for organic farming and plants in the institution.

Ban on use of plastic

Plastic is a real pollution to environment .,Nature cannot digest plastic .Our institution celebrates world enrollment Day on 5th June every year and bans single use plastic such as plastic bottles, bags, spoons, straws and cups .Our NSS volunteers conducted swatcha Bharat Abhiyan to keep the campus free from polythene. Our college always organises tree plantation program to promote Eco sustainable campus.

Restricted entry of automobiles

The fuel vehicles are not permitted into the campus and E bikes are encouraged. Our students and staff frequently use the public transportation. The students who are living near the College are encouraged to use bicycles. walking is encouraged to promote sound health.

Along with the restricted entry of mobiles, our college bans the use of tobacco products including cigarettes, tob acco and cigarettes within the campus.

Pedestrian friendly Pathways.

Cycle parking shed is provided near the main entrance of the college campus. There are both wasteens with restriction on vehicular entry for safe movement.
